Learning Objectives:

DOT Medical Examiners Course-Medical Examiners who perform driver medical exams are expected to understand fully the medical standards of the Federal Motor Carrier Safety Regulations(FMCSR) and related guidance. The National Registry requires medical examiners to participate in required training, pass a certification test, and register on the National Registry system to become a certified medical examiner. Certified medical examiners agree to keep their National Registry accounts up to date(licenses, training records, etc.) and to transmit at least monthly results of all CMV driver exams performed to FMCSA via the National Registry System.

Statement of Purpose: *To become a Certified Medical Examiner you must: (1) Be licensed, certified, or registered in accordance with applicable State laws and regulations to perform physical examinations (2) Register on the National Registry System and receive a unique identifier (3)Complete required training (4) Pass the Medical Examiner certification test (5) Report results of driver exams every month via the national registry system (6) Submit to periodic monitoring and audits (7) Maintain certification by completing periodic training every five years and recertify by passing the ME certification exam every 10 years. Visit National Registry website at http://nrcme.fmcsa.dot.gov*

At the conclusion of this course you will receive a "Certificate of Completion". You must have this certificate to take the Medical Examiner Certification Test. We will also provide resource study materials and Test Site information. ***This training has been approved for 4.75 CME Credits. Training Course Fee*** **$325**
